Discipline

**Success is measured by your discipline
and not by money, power or social rank.
Discipline is the bridge between
success and failure.**

Discipline is the mark of intelligent living. At Sri Sathya Sai Vidya Vihar, discipline is not imposed but the inherent discipline is brought out through various covert and overt activities. These include class assemblies wherein the entire class participates and unanimously puts up a show exhibiting the power of oneness. Also the assemblies are based on moral values, lives of inspirational people, etc.

Project based learning emphasises on practical implementation of the knowledge learnt in the school.

Meditation and Silent sitting helps in developing concentration and reflection leading to self discipline.

The School Council led by the Head Boy, Head Girl, President & Vice President with their fleet of Ministers, Secretaries et al ensure that the children follow rules and regulations at each step.

Also, the Management, Principal and staff contribute in ensuring the discipline in the school.
